

Wax ribbon for flat head printers

L120

L 120 is a premium resin enhanced wax formulation designed to print onto a wide variety of label materials including coated and uncoated papers and tags, varnished labels, BOPP and many other papers and films. Lemmaco's L 120 provides excellent print quality and high density at low energy levels. Print speed is 8IPS/200mm/s with great scratch and smudge resistance.

Technical Specifications

Ink:Wax

Color: black

Film Thickness: 4,5µm±0,1µm

Ink Melting Point: 70°C(158°F)

Printing Speed:8 IPS(200mm/s)

Storage conditions: 5 °C-35 °C, 20-80 RH (Avoid the direct sunlight and humid environment.)
