

Resin ribbon for flat head printers

L150

L-150 is a resin ribbon suited for the most demanding applications in terms of durability and cost. Its extensive label adaptability with print speed 6 IPS capability makes it the most diverse resin of its kind. It outperforms the competition in abrasion resistance, water and sunlight resistance and corrosion resistance for certain labels.

Technical Specifications

Ink: resin

Color: black

Film Thickness: $4,5\mu\text{m}\pm 0,1\mu\text{m}$

Total Thickness: 8,5 μm

Ink Melting Point: $93^{\circ}\text{C}\pm 3^{\circ}\text{C}$

Printing Speed: 6 IPS / 152mm/s

Storage conditions: 5 °C-35 °C, 35-80 RH (Avoid the direct sunlight and humid environment.)

Applications

Product ID

Pharmaceuticals

Hot working

Automobile industry,

Mechanical equipment,

Electrical equipment

Digital&electronic labels

Steel&iron manufacturing

Recommended Media

Coated and uncoated paper tag and label stocks

Synthetic papers, POS labels & Tags

Film (PE, BOPP)
