

Wax ribbon for flat head printers

L120

L 120 is a premium resin enhanced wax formulation designed to print onto a wide variety of label materials including coated and uncoated papers and tags, varnished labels, BOPP and many other papers and films. Lemmaco's L 120 provides excellent print quality and high density at low energy levels. Print speed is 6IPS/150mm/s with great scratch and smudge resistance.

Technical Specifications

Ink: Wax

Color: black

Film Thickness: 4,5 μ m \pm 0,1 μ m

Ink Melting Point: 85°C

Printing Speed: 6 IPS(150mm/s)

Storage conditions: -5 °C-40 °C, 20-80 RH (Avoid the direct sunlight and humid environment.)
